

Multi Application - Drytac's AntiGraffiti film is recommended for POS displays, boardings, banners, signage, etc., or on any printed material that is exposed to graffiti.

Quick Clean - Drytac AntiGraffiti can be cleaned with isopropanol or most solvent or aqueous cleaning agents. Spray paint can be quickly wiped away, leaving no marks or residue.

Cost Effective - Drytac AntiGraffiti is an economical way to protect and preserve your graphics.

AntiGraffiti™

Protect your valuable prints from being defaced with Drytac's AntiGraffiti laminate. This polyester film has high optical transparency and includes UV screen inhibitors for outdoor protection.

Once the AntiGraffiti over laminate is applied to your print you can be assured that graffiti can be quickly and completely removed.

The permanent acrylic adhesive is durable, even in extreme outdoor conditions offering superb clarity with high UV resistance.
