

Hi-Tac Mounting Adhesive

Product Description

Hi-Tac is a 13 μ clear polyester film coated on both sides with a pressure sensitive, hot melt adhesive which is protected by a bleached Kraft moisture stable release paper. This adhesive contains no VOC's, takes less energy to produce and is suitable for both indoor and outdoor applications.

Suggested Applications

Hi-Tac is suited for high volume mounting, including the pre-coating of boards and for image decal applications. Hi-Tac is ideal for mounting prints to smooth porous substrates such as rigid PVC, foam-centred boards, display board, Gatorfoam™ and tempered hardboard.
